

The MedSpa at the Sally Balin Medical Center

Please join us for our second

Open House

October 22nd, 2009
6:30 pm to 8:30 pm

This free event is an excellent opportunity to learn about our wide range of anti-aging products and services offered at our premier MedSpa. We will be introducing "**Le Programme**" an intense skin care program developed by Dr. Pratt and her team of medical aestheticians to turn back the signs of sun damaged aging skin.

Our team of doctors will be discussing:

Pixel Laser Facial Resurfacing
Evolence Dermal Filler
Tumescent Liposuction
Intense Pulsed Light Laser Treatments

And we will have a representative from GloMinerals, the make-up that is good for your skin, with vitamins C, A, K, and E.

Wondering what treatments or products are right for you? This open house is the perfect opportunity to ask questions and get answers. During the event, there will be light refreshments, door prizes, gift bags for all, as well as special discounts on all products and services for this one evening only.

To register or for more information, contact the MedSpa at SBMC
